

STEREO SPEAKER SYSTEM

Model: CNR-SP20JB 8717371858636

The stereo speakers set CNR-SP20JB is a perfect three-in-one solution. They combine exceptional design, compact size and excellent performance. These portable USB powered speakers are a great addition to your laptop or PDA. Despite its small size, the system has a fairly wide frequency range and can equally well reproduce music of various styles – from light classical songs to tracks with deep bass. In spite of its modest capacity, the CANYON loudspeakers sound bright and full.
